Colonial Map Activity

Part I. Identify the following on the map:

I. The continents (North and South America, Europe, Asia, Australia, Antarctica, and Africa)

II. Atlantic, Pacific Oceans

III. East and West Indies

IV. Place arrows where the Triangle Trade route is located

V. Label what goods would be exchanged between the three continents with the corresponding arrows between the trade routes.

VI. Portugal - the country

Part II. Create a key to show which colonies in the Americas (North and South) were possessed by their mother country. Please only use one color per mother country.

I. Color the colonies for Denmark.

II. Color the colonies for England.

III. Color the colonies for France.

IV. Color the colonies for Spain.

V. Color the colonies for Portugal.
